I, _____ do hereby give my permission for
_____ to take _____
on a short-term medical mission trip from _____
through _____, 2014 with Global Health Outreach.

Parent/Legal Guardian Signature

Date

A new policy has been implemented that if one parent is not attending the mission that parent must give written consent for his/her child to go with the other parent or guardian. This statement must be signed, dated, and notarized. This is especially important for all GHO missions.
